With the holiday season behind us and work back in full swing we find ourselves in the last month of summer, long sunny days and mild nights will soon be gone so make the most of the warmth and sun by getting ready for the winter months ahead now, its much nicer doing those little jobs in the sun.

As always we have a great product range including our **W6748** Mechanical Measuring Wheel.

We have catalogues and price lists are available on request.

See below for our great February special.
